"OUR BOYS" IN HONOLULU.

A LETTER TELLING HOW THEY WERE FETTERED AT HAWAII.

BEAUTIFUL BADGES SUPPLIED TO EACH SOLDIER.

—THE FLAG OF THE COUNTRY PRINTED ON REDDON STREAMERS.

ON REDDON STREAMERS.

If the star of fortune lavishes upon the Boys in

Blue during their journey to the Philippines the

movements since their organization in the "land

of the free and the home of the brave," then the

welfare and safe return of all are assured.

The following is quoted from a letter written by

Walter M. Beck, a young surgeon with the 12th

Minnesota Volunteers, to his sister in this city,

during the few days' shore leave granted the sol-

diers at Honolulu.

"This preliminary period of comparative in-

activity has been a genuine picnic. The magnificent

hospitality shown us by the residents of San Fran-

cisco, a propitious voyage to this city, and now a

festive scene in our honor such as you never

dreamed of, will live in our memories forever."

The Hawaiian "Aloha," or welcome badge, which

accompanied Dr. Beck's letter, further testified to

the sincere cordiality of the residents of Honolulu.

The Hawaiian flag is an artistic combination of

the English Jack and the American banner. The

corner design is a reduced copy of the English

flag, with the red, white and blue stripes com-

pleting the emblem.

Speaking in detail of the departure of the third

Philippine expedition from San Francisco, the trip

and the demonstration at Honolulu during the few

days' shore leave, Dr. Beck says:

No more cordial good-byes could have been

given than that of the good people of San Fran-

cisco. I do not overstate when I say that the

persons were gathered along the wharves, waving

flags, hats, parasols and handkerchiefs in the

air, and the sound of the band playing the "Aloha"

was everywhere. The boys filled all the

available space on deck and in the rigging, and for

every huzzah, whistle and cheer from the shore

the boys responded with a shout. The boys were

in the rigging, and for every huzzah, whistle and

cheer from the shore the boys responded with a

We have orders to sail this evening.

When the transport City of Para arrived at Hono-

lulu, a flutter of excitement was created by the

appearance of Mrs. Reeves, the wife of the colonel

of the 12th Minnesota Regiment, who had been a

stowaway since leaving San Francisco. It is said

that the private soldiers of the regiment aided her

in successfully defying Government regulations. It

is not known if she will go on to Manila.

Mrs. Kitiana Sumner, who died recently in Hono-

lulu, was a member of the Pomar branch of the

Tahitian royal family. She went to the Hawaiian

Islands as the fiancée of Kamehameha III, then

king of the islands. On her arrival she found the

King had died, and some years later she married

John K. Sumner.

Communications.

In a letter from Kate L. Henry there were pleas-

ing words of commendation of the several poems

in column, several having already appeared in the

column, Mrs. M. E. Randolph acknowledges sun-

shine from Miss Kimball, Miss Marietta Tremper

wrote about an express package of books sent to

the kindness of Sunshine members to the sugges-

tion of Army surgeons, who feel that the hos-

pital work of the Government will need to be sup-

plemented by that of the Red Cross. We had the

pleasure of meeting our delegate, Judge Joseph

Sheldon, and have explained to him fully the work

being done by our association. He will be attend-

ing to Red Cross organization and affairs at

Portland, Tacoma and Seattle, and will probably

proceed to Spokane and Boise.

Seven additional Kansas to the "Mother" poem

published in the column on July 28 have been sent.

Any one desiring them will please communicate

with the office.
